Dear Madam, dear Sir,

Thank you for your interest in our project.

Our association which is a non-profit organization runs about fifty rooms in the city of Luxembourg. They are reserved to trainees who, in the framework of their studies and professional career, have to do a training period in Luxembourg. The trainees of the European Institutions are given a certain priority.

All our rooms are furnished with a bed, a wardrobe closet, a desk and a chair. They all have Internet access (Ethernet/WiFi). The trainee has to bring his personal items as well as blankets and cover for a single bed.

The monthly occupation fee varies between 400 and 725 Euros, the dimensions and comfort of the rooms are in accordance.

The kitchen, the lounge, the bathrooms, WC's and the laundry room are in common. They are equipped and are cleaned daily by our cleaning team. While occupied, the room must of course be taken care of by the trainee. At the beginning and at the end of his or her contract, a room inventory is made.

If you want to book a room, we ask you to send us:
